# FRIKOM

Frikom is a local company with a more than four decade long tradition, whose leading position in the production and distribution of frozen food and ice cream industry is based on many years of experience and abundant selection of products that are constantly being expanded and adapted to new market requirements.

The product selection of Frikom is aimed at a wide range of customers, which is reflected in the fact that in addition to a broad selection of ice creams it also offers an assortment of frozen vegetables, frozen pastry, and frozen fish, as well as a selection of organic products. Frikom continuously changes and improves its selection to meet the market demands, and for these reasons the selection is enhanced every year with about 40 new frozen products, manufactured in accordance with the highest quality standards. High quality of products, selection that keeps pace with global nutrition trends, along with innovations relating to the improvement of the assortment of products and improvement of production processes have contributed to Frikom becoming synonymous with quality in the domestic market.

In addition to investment in the quality of production processes, Frikom is also distinguished by an investment in the development of modern distribution, owing to which consumers are at any moment able to

have access to their favorite products. Through the long-term strategic planning Frikom manages to resist numerous market challenges and for many years has a track record of good business results and maintains a leadership position in the market.

As one of the largest purchasers of strawberries in the domestic market Frikom helps the development of local economy and promotes corporate social responsibility as one of the key principles of its business management.

Good and sincere approach to the customers, as well as the selection of the highest quality products, has contributed to Frikom being distinctive and favorite in the domestic market.

Satisfaction of our customers and consumers is the goal to which we aspire and which for the past 40 years we have been successfully achieving. Further investment in the development and quality of production, distribution and human resources is imperative of Frikom's business management that ensures a leading position in the market and in the future.

Kapri Ice Cream is unique in its combination of vanilla, chocolate, and strawberry flavors, which at the same time globally represent the most popular flavors. The prestige of the most popular ice cream has provided a good basis for the development of a unique Kapri taste into new forms, thus in addition to the traditional Kapri Ice Cream, this flavor can also be tasted in Kapri Cup, Kapri Cone, and Strauss Kapri. The Kapri brand treasures a romance image with the endless search for the excitements, forever young, with the Italian charm that brings the atmosphere of the sea easiness and reminds us of the little life happy moments.

Rumenko is a frozen fruit dessert with strawberry, which consists of strawberry puree and, owing to its lovely and intense taste of strawberry, represents a true fruity refreshment. This ice cream belongs to a group of the most loved and most recognizable brands, which was positioned in the Frikom portfolio from the very beginning.

As a company that is always trying to be one step ahead of the competition in terms of innovation and market trends, we have launched a new product - Rumenko Smoothie. Rumenko Smoothie is the first smoothie ice cream in the domestic market and represents a complete innovation not only in Frikom's selection but in the overall market as well.

Rumenko Smoothie is frozen fruit dessert of delicate texture with strawberry and banana, which contains 60% fruit and no artificial color, and has only 78 kcal.
